01 What is Trauma cover?

What's the benefit?

Trauma cover pays out a lump sum if an insured person suffers from a condition named in the insurance policy, like a heart attack, cancer, stroke, angioplasty and more. In events like these, they may not be able to work as usual and a pay-out can help the business stay afloat.

What does it do?

It pays a lump sum which can help with immediate business expenses, be it general expenses to repaying business loans.

When does it pay?

If the insured person has been diagnosed with any of 40+ trauma conditions, named on page 4. Depending on the condition you'll receive payment of the full sum insured or a partial payment.

Make sure it's right for your business.

Trauma cover can help:

Key people who influence your revenue.

Shareholders.

Sole business owners.

Business debt to take care of.

02 Key facts you should know.

Available on its own or as an advanced payment deducted from your Life cover.

Max level of cover is \$2m.

You can apply aged 16-64 (69 if linked to Life cover).

You'll be asked to supply personal details about you; like health and finance.

Choose how you want to pay; a set price for a fixed period-of-time or payments that increase every year.

You're covered for most Trauma conditions listed on page 4, though for some conditions cover starts 3-months after you've applied for your policy.

03 Here's a snapshot of what's included.

- ✓ **Increase your cover without additional medical checks** – There are lots of business milestones that could prompt you to increase your cover. Examples are if a key person increases in value to the business, your financial interest in the business or loan guarantee increases. As your business changes, so can your cover. At times like these, you might be able to increase your cover without providing any additional medical information.
- ✓ **Financial planning and legal advice benefit** – If you receive a large lump sum payment it can be overwhelming to plan how to use these funds. In situations like this, working with a financial advice provider or lawyer can be invaluable. If you were to receive a benefit payment from us, we will reimburse the actual cost up to \$2,500, for a fully documented financial plan prepared by a financial advice provider or legal advice received from a lawyer who can help plan your financial future.
- ✓ **Flexibility to convert your cover** – If you initially decide to take this cover out on its own, before the age of 60, you have the flexibility to convert this to an equal amount of life cover without the need to provide medical or health information.

04 Consider adding options to suit your business needs.

Here are some of the options you can add-on to your Trauma cover that may require payment of an additional premium.

Inflation protection.

To help the amount of your Trauma cover keep up with inflation, you can choose to have your sum insured increase by at least 2% each year without providing any medical information.

Trauma reinstatement.

Once you are paid a full benefit under your Trauma cover, the cover ends. This option may allow you to reinstate your Trauma cover without having to provide any additional health evidence 12-months after receiving payment. The reinstated amount will only be paid for conditions unrelated to your original claim.

Waiver of premium.

Should you become disabled through illness and injury, and you have this cover, once you have waited through the waiting period, the premiums on your policy will be waived. This means that you do not pay for your cover. And any premiums that were paid during the wait period will be refunded.
