*Fidelity Life has an A- (Excellent) financial strength rating from A.M. Best. The rating scale that this rating forms part of is available for inspection at our offices. For more information please visit fidelitylife.co.nz.

Cancer Coach.

Empowering your employees' cancer journey with personalised coaching, tools and resources.

What's Cancer Coach?

A cancer diagnosis can be a life-changing event. But while navigating all the uncertainties that come along with one, having personalised support can make all the difference.

Cancer Coach is designed to help your employees take control of their health and lifestyle response, guiding them through every step of the process.

This includes 6-12 weeks of guidance in areas like sleep, diet, exercise, and mindfulness, along with access to symptom tracking and other resources. We know that figuring out how to respond to cancer can be overwhelming – that's why Cancer Coach is tailored to suit each participant's unique situation.

We're working with Osara Health to bring Cancer Coach to you.

What does it cost?

Your employees will be eligible for Cancer Coach if they're covered by **Fidelity Life Group Trauma Insurance cover** and have received a cancer diagnosis (regardless of claim status). There's no additional cost for eligible individuals to participate.

For more information on eligibility, read the full terms and conditions here, or get in touch with us at: grouprisk@fidelitylife.co.nz

How Cancer Coach supports your employees.

Their dedicated Osara Health Coach can help them to make positive adjustments to lifestyle factors of sleep, diet, exercise and mindfulness.

They'll be regularly provided with digital education modules equipping them with tools, resources and real-world coping strategies.

Access to the Osara Health app assists them to track and manage symptoms to share with their treatment team.

They can connect with the community feature to access articles and learn from others who have also experienced a cancer diagnosis and what's helped them.

Helping your employees return to health.
