1 INTRODUCTION

This Total and Permanent Disability Cover provides **you** with a lump sum payment if an **insured person** suffers a **total and permanent disability**.

The **schedule** will show which **insured person** this Total and Permanent Disability Cover applies to and any additional options that may apply.

2 BUILT-IN BENEFITS

2.1 Total and permanent disability

2.1.1 Total and permanent disability before age 65

Total and permanent disability means that **we** are satisfied that one of the following events occurs before the **insured person's** 65th birthday:

(a) **Own Occupation**

If Own Occupation is shown in the **schedule** for an **insured person**, then **he** or **she** has been absent from employment through sickness or injury for an uninterrupted period of three months, and in **our** reasonable opinion after considering all the medical evidence and other relevant evidence, has become so disabled that **he** or **she** will unlikely ever be able to work in any capacity in **his** or **her own occupation**;

Or

(b) **Any Occupation**

If Any Occupation is shown in the **schedule** for an **insured person**, then **he** or **she** has been absent from employment through sickness or injury for an uninterrupted period of three months and in **our** reasonable opinion after considering all the medical evidence and other relevant evidence, has become so disabled that **he** or **she** will unlikely ever be able to perform **his** or **her own occupation** or **any occupation**;

Or

(c) **Home Duties**

If the **insured person** was not **gainfully employed** immediately before the event causing disability due to undertaking full-time **home duties**, regardless of whether Own Occupation or Any Occupation is shown in the **schedule**, **total and permanent disability** shall mean that **he** or **she** for an uninterrupted period of at least three months:

- has been under medical supervision with the complete inability to perform all normal **home duties**; and
- has been unable to leave the home without assistance; and
- in **our** reasonable opinion based on medical and other relevant evidence, is unlikely to ever again be able to perform all normal **home duties**;

Or

(d) has suffered the total and permanent loss of the:

- sight of both eyes, or
- use of two limbs, or
- sight of one eye, and the loss of the use of either a whole hand, or a whole foot.

Loss of the sight in an eye must be confirmed by an ophthalmologist and measured by one of the following:

- visual acuity of less than 6/60 in the affected eye after correction, or
- a field of vision constricted to 20 degrees of arc or less, or

- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above,

Or

- (e) is totally and permanently unable to perform at least two **activities of daily living** as a result of sickness or injury without the assistance of an adult;

Or

- (f) has suffered an injury or illness of the brain resulting in permanent and irreversible loss of cognitive function that requires the **insured person** to be under continuous full time care for the **insured person's** safety to prevent such situations including but not limited to wandering way from their usual place of residence, physical aggression, neglect of self-care, misjudging or causing situations that are dangerous for themselves or others.

The loss needs to be measured by clinical evidence and standardised tests which reliably measure the impairment in the following areas:

- short or long term memory;
- orientation as to person (such as personal identity), place (such as location), and time (such as day, date and year);
- deductive or abstract reasoning.

2.1.2 Total and permanent disability from age 65 to age 70

If **we** are satisfied that after **his** or **her** 65th birthday the **insured person** was continuing to perform **his** or **her** usual occupational duties without limitation or restriction due to sickness or injury for at least 25 hours per week, then **we** will assess any claim for **total and permanent disability** made before **his** or **her** 70th birthday under the definition that applied before the **insured person's** 65th birthday.

If the **insured person** was performing **his** or **her** occupational duties with limitations or restrictions due to sickness or injury, **we** will assess the claim under the definition applying under section 2.1.4.

2.1.3 Home Duties from age 65

If the **insured person** was not **gainfully employed** immediately before the event causing disability due to undertaking full-time **home duties** and the event causing the **total and permanent disability** happens after the **insured person's** 65th birthday, **we** will assess the claim under the definition applying under section 2.1.4.

2.1.4 Total and permanent disability from age 70

Where the event causing the **total and permanent disability** happens after the **insured person's** 70th birthday, or where sections 2.1.2 or 2.1.3 apply, the following definition applies:

Total and permanent disability means that **we** are satisfied that the **insured person**:

Loss of the sight in an eye must be confirmed by a specialist medical practitioner and measured by one of the following:

- visual acuity of less than 6/60 in the affected eye after correction, or
- a field of vision constricted to 20 degrees of arc or less, or
- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above,

Or

- (b) is totally and permanently unable to perform at least two **activities of daily living** as a result of sickness or injury without the assistance of an adult;

Or

- (c) has suffered an injury or illness of the brain resulting in permanent and irreversible loss of cognitive function that requires the **insured person** to be under continuous full time care for the **insured person's** safety to prevent such situations including but not limited to wandering away from their usual place of residence, physical aggression, neglect of self-care, misjudging or causing situations that are dangerous for themselves or others.

The loss needs to be measured by clinical evidence and standardised tests which reliably measure the impairment in the following areas:

- short or long term memory;
- orientation as to person (such as personal identity), place (such as location), and time (such as day, date and year);
- deductive or abstract reasoning.

2.1.5 Partial benefit

- visual acuity of less than 6/60 in the affected eye after correction, or
- a field of vision constricted to 20 degrees of arc or less, or
- a combination of visual defects resulting in the same degree of visual impairment as that occurring in either of the above.

Where the event giving rise to the payment of the **sum assured** was already covered at the **date of commencement** by a policy issued by **us** or another insurer (existing policy), then **we** will reduce the **sum assured** and **our** payment so that when added to any amount paid or payable under the existing policy, the total for that **insured person** does not exceed \$5,000,000.
